**Why Shop Saline County?**

1. Local businesses return a large percentage of each dollar spent back to the community.
2. Local businesses have a natural interest in Saline County.
3. Local businesses are more convenient to deal with and offer excellent customer service.
4. Local businesses give our county a character and a quality of life that we would miss if they were not present and prospering.
5. Increased sales tax generation helps the county's school systems, local government, and improved infrastructure.

Before you travel to Evansville, Marion, Carbondale, Paducah or other distant places to shop, please consider the advantages that local trade can offer. Even when the price of the goods is slightly cheaper, the Saline County purchase might still be the smart purchase when factors other than price are considered.
